SUMMARY

I am proactive electronics and communication engineering student seeeking a dynamic role in tech-driven environment. I levarage my programming skills, a problem- solving approach, and a keen interest in new technologies to contribute to innovative software and hardware development projects . I embrace continuous learning and strive for excellecnce in every project I undertake.

EDUCATION

Bachelor of Technology
RR Institute of Modern Technology (AKTU)
2022-2026 Lucknow

Higher Secondary
C.B Singh Gaur Memorial Senior Secondary College (CBSE)
2022 Lakhimpur Kheri

High School
C.B Singh Gaur Memorial Senior Secondary College (CBSE)
2020 Lakhimpur Kheri

PROJECTS

Smart Coalmine Safety andMonitoring System
Developed an IoT-based system for real-time monitoring of coal mine conditions using gas, temperature, humidity sensors integrated with a microcontroller (Arduino). Implemented an alert mechanism via buzzer and GSM module for instant hazard notifications, improving early detection and worker safety.

Automatic Hand wash Machine
Designed and developed an automatic hand wash machine using sensors and a microcontroller to enable touchless operation. Integrated an IR sensor and motor pump system to dispense liquid soap and water efficiently, reducing water wastage and improving hygiene.

CERTIFICATIONS

TCS ION Career Edge
Young Professional course certification

Be10x AI tools
Certification for AI tools

Yuva AI for All-AI Awareness Program
AI Awareness Program

Summer training
Certification of summer training in Embedded System

STRENGTHS

Time Management
Ability to manage time efficiently

Critical Thinking
Capable of critical analysis and creative solutions

Problem-solving
Competently solving complex problems

Communication skills
Strong communication abilities

LANGUAGES

English
Proficient

Hindi
Native

SKILLS

Python | Embedded C | Ai tools | Generative Ai | Prompting

INTERESTS

Interest in technology
researching about new technologies

Cyber Security
Exploring cyber security

INDUSTRIAL VISIT

ISRO Remote Sensing- Lucknow 2024
